

SHOEMAKER
DRYWALL SUPPLIES

A Division of WSB TITAN

May 14, 2010

It is with great excitement that our team at Shoemaker Drywall Supplies (SDS) / WSB Titan would like to announce the imminent opening of another new branch located in Winnipeg, Manitoba. Winnipeg will be home to a typical SDS state-of-the-art facility that will allow us to offer the kind of service you have come to know us by.

With the addition of Winnipeg, SDS will be serving Western Canada out of 10 Centers which include Calgary, Edmonton, Red Deer, Grande Prairie, Lethbridge, Medicine Hat, Kelowna, Cranbrook and Regina.

We look forward to discussing future opportunities where SDS can service your material requirements and contribute as partners in your business' success.

Sincerely,

Ryan Shoemaker

President
