

March 19.2018

Attention: Shoemaker Drywall Supplies Ltd.

Thank you for allowing Performance Waste Management to be your drywall removal and recycling services partner. We are very proud to be part of your business and remain committed to providing you and your customers with the most reliable waste and recycling services available.

Due to the undeniable rise in landfill rates, operating costs and carbon tax levies we are being forced to implement a slight rate adjustment.

Please accept this letter as notification that on May 1.2018 all services will increase by 14%.

If you have any questions please do not hesitate to contact me directly.

Regards,

Dear Mr. Martin,

Thank you for allowing Performance Waste Management to be your drywall removal and recycling partner. We are very proud to be part of your business and remain committed to providing you with the most reliable service available.

I appreciate you taking the time to meet with myself and Steve regarding the \$25.00 price increase on the first bag. As per our discussion and to warrant the increase, I have attached a summary to outline that the average drywall bag is weighing over 1 tonne. With the increase in Landfill Fees, operating costs and carbon tax levies we feel the necessity for the slight increase.

DRYWALL BAGS			
DATE	DW BAGS	TOTAL DISPOSAL	AVERAGE BAG WEIGHT
12/02/18	8	9.43	1.18
02/22/2018	8	7.32	0.92
1/03/18	7	10.32	1.47
TOTALS	23	27.07	3.57
AVERAGE DW PER BAG	1.18		

We hope you feel this is still great value for the service we provide and look forward to a continued working relationship.

Should you have any questions regarding this notice, please contact me directly.
