Price Increase Notice

To Whom It May Concern,

Please be aware of the recently announced manufacture increases outlined below as well the 54" dumping investigation has been dismissed and terminated by the CITT. For your convenience I have included a copy of the manufacturer announcements as another point of reference. Upon review feel free to contact your local branch representative and/or myself at your convenience.

• Re grind Blowing Wool	Dec 3 rd , 2018	10%

Fiberglass Insulation remains in tight supply as demand exceeds capacity throughout North America. We are in constant communication with the manufacturing community and we are committed to working through these challenges with our customers.

It's important to note that the steel manufacturers anticipate upward pressure on price to remain prevalent throughout 2018 heading into 2019. Based on the likelihood of additional increases/tariffs please continue to communicate with our offices regularly for updates and forecasted pricing. We are here to help!

We will continue to monitor and communicate with our manufacturing partners as we move forward and update you on further changes related to costs. On behalf of SDS we greatly appreciate your business!

Respectively,

Greg Holunga, C.I.M.
Vice President of Sales
