

Canplas Industries Ltd. 500 Veterans Drive, PO Box 1800, Barrie (Ontario) Canada L4M 4V3

---

March 1<sup>st</sup>, 2021

To our valued customer,

The latest cold snap in Texas and Louisiana has impacted our PVC resin Suppliers abilities to produce sufficient inventory resulting in forced majeure being declared by these manufacturers. This coupled with ongoing supply issues related to COVID, has caused a drastic increase in the cost of raw materials.

Due to this situation, Canplas is forced to announce an increase to our Duraflo Division price list of 3% to 8.5% effective June 1st, 2021.

Product lines affected by this increase will be

- PL 55 Vent Pipe Flashings
- PL 56 Soffit Accessories
- PL 59 Ridge Vents
- PL 60 Roof & Exhaust Vents
- PL 62 Gable Vents
- PL 64 Siding Accessories
- PL 65 Tall Roof Vents

A copy of the new list prices will be available for download shortly at [www.canplas.com/duraflo/](http://www.canplas.com/duraflo/)

We value your business and we look forward to your continued support.

For more information or clarification, please contact your local Duraflo representative.

Best regards,

**Justin M. Petz** B. Comm. | National Sales Manager
