To our valued Clients,

As many of us already know, we have seen an unprecedented supply chain disruption around the world. Hence, raw materials shortages and supplies continue to push costs up. With that, our prices are increasing on average 30-35% with some items up to 50%. Please inform your customers of this increase as of May 1, 2021.

We are monitoring this situation daily and are hoping that prices stabilize in the near future. Please let me know if you have any questions or concerns.

Sincerely,

A handwritten signature in black ink that reads 'Lance Merrifield'.
