

October 1, 2021
Commercial Price
List Increase

Dear Valued Customer:

Due to the continued volatility in the raw material market, PSL Partition Systems is forced to issue a new Master Price list for the PS 350 and Classic Series product lines effective October 1, 2021.

This price increase will affect all **PVC** and **Steel Products** that Partition Systems offers. We are still finalizing the physical price list and will issue as soon as possible.

Regards,

PSL Management
