*Please continue to communicate and work with our offices for long-term pricing projections.*

There are a number of factors contributing to these increases including an overall healthy North American “building” environment as well as pressures related to duty and exchange felt on products produced and shipped from the USA or used within the Canadian manufacturing process.

On behalf of Shoemaker Drywall Supplies I would like to thank you for your continued support. We are proud to service your business needs and greatly appreciate the mutually beneficial relationship between our companies.

Respectively,  
Greg Holunga, C.I.M.  
Vice President of Sales
